AS A PERFORMING ARTIST

Mary Isis creates a sacred and soul-nurturing
space, singing her songs in the spirit of
Ceremony- to awaken, heal and empower her
listeners. Her songs are lyrical prayers,
invocations, affirmations, revelations and
celebrations of the sacred journey of life, inspiring
soul remembrance of the purpose of our
existence.

A multi-instrumentalist and with worldly
inspiration and influence, she is graceful, light
hearted, reverent and full of gratitude, inviting
the attuned presence of deep listening as well as
involved participation in singing.

AS A VOCALIST

Mary has been singing since before she began
speaking. Her Voice, melodious and clear,
transmits a healing frequency.

LIVE “PRAYERFORMANCE”

Acoustic songs accompanied by steel string
guitar, ukulele or percussive instruments. Poetic
lyrics open the heart and inspire
the soul. She holds it down playing solo but also
loves being accompanied by
her talented musician friends on occasion too.

RECORDING ARTIST

Mary Isis currently has 10 official albums, the 7
most recent which she produced all herself. Her
most recent album “Integration” celebrates and
honors life as ceremony—encouraging presence,
inner reflection, and connection to the medicine
within.
